*Antimicrobial Product Protection

Gel-filled wrist rests with antimicrobial protection inhibits the growth of microorganisms, such as bacteria, on the product surface, that can cause stains, odors and product degradation.

*Battery Saving Mousepad Designs

Products identified by this symbol feature 3M™ Precise™ Optical Mousing Surfaces with battery saving designs which extend the battery life of wireless optical mice up to 75%. Our lab testing has shown that these surfaces draw less current and thus offer 75% more battery life. The lab tests were done using mice from the leading manufacturers in the marketplace (Microsoft and Logitech) in conjunction with batteries from the leading battery manufacturers in the US (Energizer, Duracell and Rayovac). Our battery saving mousing surfaces feature the 3M micro-textured technology used to make 3M™ Precise™ Optical Mousing Surfaces.
