

L-1 | L-1 LED

The classic L-1 is now available with an LED lightsource.

Designed in 1937 by Luxo's found, Jac Jacobsen, L-1 is the world's first original architect lamp. Since its creation, 25 million L-1 luminaires have been sold worldwide and L-1 has been distinguished by many prestigious international design awards. With its unique design and flexible, spring-balanced arm, L-1 has earned a place among the world's all-time classics.

Standard with table clamp. Other mounting options sold separately.
Colors: Black (L-1 LED only), silver grey or white.

L-1 LED

The classic L-1 is now available with an LED lightsource. L-1 LED is dimmable and has a 9/4 hour automatic shut-off to save energy. That means 25 years or more with normal office use. You may never have to change the lightsource.

TECHNICAL DESCRIPTION

BODY MATERIAL AND COLOR

Steel arm and aluminum shade. Colors: black (L-1 LED only), silver grey or white.

OPTICS

Symmetric light output. Inner shade painted white for maximum efficiency. L-1 LED has an opalic diffuser for a softer light and to avoid glare.

POWER SUPPLY

Plug-in 120V power supply.

L-1: Supplied with 1 x 13W bulb. L-1 is certified for maximum 60W.

L-1 LED: Supplied with 1 x 8W integrated LED module (8.4W total energy consumed). Correlated color temperature (CCT) is 3000°K. Color rendering index (CRI) is 90.

Standard with edge clamp mount.

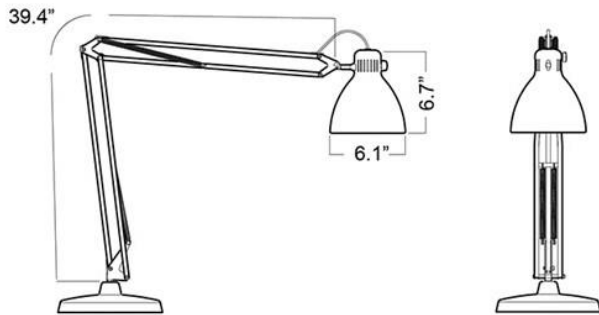

Accessory panel mount bracket or tool-tile bracket are also available.

41" parallel, spring-balanced, three-pivot arm. Up-and-down and rotational head movement.

L-1 LED with an integrated 9/4 hour auto shut-off functionality.
