- A matting that provides comfort for people who stand at counters, copiers and teller stations widely used by banks and office personnel.
- Rhino Marbleized mattings are a superior value with puncture resistance that far exceeds comparable rubber products by up to 90%.
- This product is constructed of a 3/32" heavy duty marbleized tile surface, permanently bonded to your choice of a 3/8" or 3/4" resilient closed cell polymer sponge base. Overall thickness is 1/2" or 7/8". Tile top is available in standard stock sizes and in roll lengths.
- Edges will be beveled.
