

UPLIFT DESK®

WARRANTY

At UPLIFT Desk, not only do we offer the best desks anywhere, we back them up with the most comprehensive warranty in the industry. We can do this because we are confident in our world-class quality bases, motors and electronics. All desks purchased after March 10, 2015 come with a 7-year all-inclusive warranty on the entire desk base, which includes the motor, frame, controller, switch, electronics and mechanisms. In the rare event that anything goes wrong with any part of the desk base in that 7-year period, just let us know, and we'll take care of the problem with replacement items at no cost to you. And, we cover the cost of ground shipping when we send them to you.

Warranty does not cover normal wear and tear to the desktop surface, scuffing of the paint or modifications made to the product. Free ground shipping on parts replaced under warranty may not apply for shipments outside of the United States.

You can also purchase an extended warranty, which provides the same coverage on the desk base as the standard warranty described above, but extends it to a total of 12 years. Please keep in mind that handmade wood furniture will require some basic maintenance. Warranty support for UPLIFT solid wood desktops includes expert advice from our woodworker on how to care for your top, and assessment of any issues that may arise. Warranty support covers repairs or replacements if a top is rendered unusable as the result of a defect, within the 7-year warranty period. UPLIFT solid wood desks are made of natural material that can change over time. Normal wear and tear or imperfections that occur naturally do not qualify for repairs or replacements.
