Min Width Below Mounting Surface Inches (mm)	24" (609)
Min Depth Below Mounting Surface Inches (mm)	23.5" (596)
Fits Corner Workstation	Yes
Warranty Years	Lifetime, 1 year on wrist rests

Adjusting

Adjustable keyboard platform can move left and right to fine tune the exact position of the keyboard

Platform slides left and right over the keyboard

Tilt the platform to raise height, then release to lock in place

Great for situations where there is an obstruction beneath the work surface, forcing the track to be mounted off-center from its ideal location – simply loosen red knob and adjust

Super adjustable separate mousing platform mounts left or right and needs no tools to adjust

Features tilt and height indicators – tilt adjusts by turning knob to dial in desired angle

Compatible with Ergonomic Keyboards – use 3M™ WR314LE Wrist Rest (sold separately) in place of wrist rest included with AKT

*Antimicrobial Product Protection

Gel-filled wrist rests with antimicrobial protection inhibits the growth of microorganisms, such as bacteria, on the product surface, that can cause stains, odors and product degradation.

*Battery Saving Mousepad Designs

Products identified by this symbol feature 3M™ Precise™ Optical Mousing Surfaces with battery saving designs which extend the battery life of wireless optical mice up to 75%. Our lab testing has shown that these surfaces draw less current and thus offer 75% more battery life. The lab tests were done using mice from the leading manufacturers in the marketplace (Microsoft and Logitech) in conjunction with batteries from the leading battery manufacturers in the US (Energizer, Duracell and Rayovac). Our battery saving mousing surfaces feature the 3M micro-textured technology used to make 3M™ Precise™ Optical Mousing Surfaces.
