

HIGHLIGHTS

Humanscale®

eFloat[®]

eFloat brings effortless operation to sit/stand desks. Users can easily find the ideal height for health and comfort at the press of a button. Available with a low-profile analog handset, or a digital memory handset that can store up to four custom positions, eFloat's electric drive system is fast-moving, allows for noise-free height adjustment and has a built-in safety sensor. To enhance all-day comfort while sitting or standing, ergonomic tools can be easily mounted onto eFloat thanks to a uniquely expandable frame and stabilizer bar. Accommodating multiple desktop sizes and shapes, eFloat enhances the user experience and seamlessly integrates into any office or home environment.

- Encourages deskbound workers to regularly alternate between sitting and standing postures for long-term health
- Strong, expandable frame supports a variety of surface designs and ergonomic tools such as keyboard trays and monitor arms while offering plenty of room under the work surface for legs, knees and feet
- Innovative sensor safety feature stops table from bumping into objects when height is raised or lowered
- Sleek, clean design complements any work environment
- Meets BIFMA requirements for load, capacity and stability

Height range	26" (659 mm) to 46" (1163 mm) measured from floor to underside of worksurface. 20" (504 mm) of travel
Speed of Travel	2"/s (50 mm/s)
Surface compatibility	Depth: 24" (609 mm) to 30" (762 mm). Width: 40" (1016 mm) to 72" (1829 mm)
Weight capacity	220 lbs (99.8 kg) including the weight of the worksurface
Power requirements	Standard North American 120V, 60Hz wall outlet
Power draw	6A at start of travel. 5A average
Controller dimensions	7.3" (186.2 mm) x 3.9" (100.4 mm)
Available Colors	Silver or White
Power cord length	78.7" (2000 mm)
Warranty	2 years, 24/7
