

Model 8326

Vertical Mounting Track

LIBERATE
YOUR
DESKTOP

8326 Vertical Mounting Track shown with optional 7000 LCD arm, 7000-7019 keyboard arm and 8335-MD medium CPU holder.

The 8326 Vertical Mounting Track provides an extremely space-efficient method of elevating your entire computer system.

This configurable solution can be customized to meet your needs—

incorporate flexible LCD arms, keyboard arms, even a CPU holder. Cables are routed through track, and hidden behind a cable channel.

The Wall Track Solution

Create a complete workstation that saves space. Innovative's vast offering of LCD arms means you can create a wall track system that is custom tailored to your needs.

FEATURES

- ▲ Available in standard lengths of 19" (13" and 31" lengths also available)
- ▲ Configure with your choice of LCD arm, keyboard arm or CPU holder
- ▲ Contributes to a clean and neat work area
- ▲ Prevents accidents and trip hazards which may damage equipment or harm staff
- ▲ Integrated cable management keeps cables organized and out of view

Add any Innovative LCD and/or keyboard arm—all of which can be moved out of the way when not in use

Cables are neatly routed through the track

Optional CPU holder elevates your CPU to save space
