# Bild™

## Multi-Monitor System

ntroducing Bild™—a highly configurable solution for multi-monitor applications. With endless configurations, Bild™ enables the user to build, adjust and adapt with ease for their specific application.

FEATURES

▲ Quickly and easily go from 2 to 16 plus monitors —all without wasting parts.

▲ Position monitors flat or in an arch with easy to adjust hinges.

▲ Loosen and tighten pivot points to the desired rigidity using the tools included. Stored in the beam end cap, they are never out of reach.

▲ Take the work out of adjusting and replacing monitors. Simply attach, adjust, and remove all at the face of the beam. No need to slide monitors to remove.

▲ Height adjustable column, pole and rail mounting available.

▲ Adjust the height of your monitors by 10-inches with the push of a button (optional).
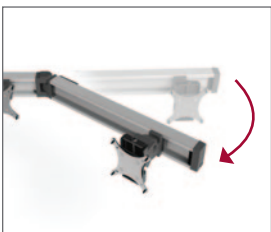

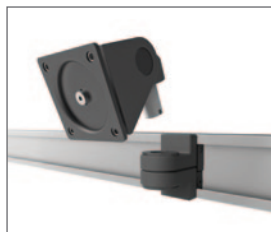

| Create your angle | Quick, easy monitor install | Cable management | Pole mount option available | Height adjustable column (optional) |
