

# ELEVATE DESKTOP™ DT2

COMBINE THE HEALTH BENEFITS OF STANDING WITH THE CONVENIENCE OF A FULL-SIZED DESK

At a full 41 inches of surface space, the Elevate DeskTop DT2 offers a generous surface area that allows for a fully functional workstation capable of accommodating an extra monitor. The DT2 comes assembled and ready for use. Simply set the DT2 on top of nearly any existing workstation to instantly experience the benefits of standing and working. Engineered with ergonomics in mind, the keyboard tray is lower than traditional standing workstations, improving posture and comfort. The keyboard tray is retractable, sliding out of the way when not in use.

The DT2 is available in three high-end finishes to complement any workspace. Choose from a modern white, an elegant light grain, or a rich dark grain finish.

## KEY FEATURES

- > The Elevate DeskTop DT2 has 41" of surface area allows for a fully functional workstation
- > Assembled and ready to use with nearly any existing workstation
