(qty 2)

Seat cushion

Adhesive strip

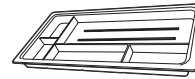

Wrench
(qty 1)

Screws
(qty 16)

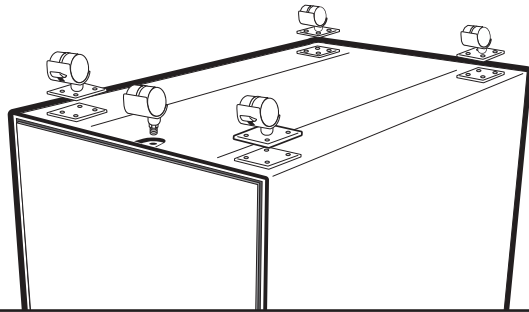

Keys
(qty 2)

Tray
(optional)

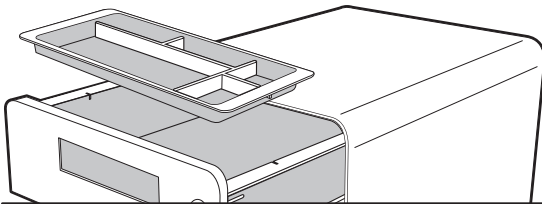

Hanging folder bar
(optional)

Step 1

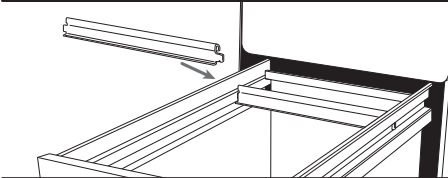

After unboxing, grab a friend to help you place the Main unit upside down. Screw the Front locking casters into the holes located at the front, and the Rear casters into the holes at the back. Screw in the Support caster into the hole under the front of the drawer, using the Wrench to tighten it into place. You and your friend can now flip the pedestal over safely. After resting it up-right, test out the Casters by rolling the pedestal around a bit.

To keep your pedestal stationary, simply flip the tabs on the Locking casters into the "down" position.

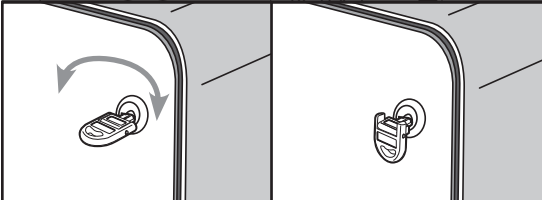

Step 2

Open the top drawer and insert the Tray. There will be small notches on both sides of the drawer that the Tray can slide into to hold it in place.

Step 3

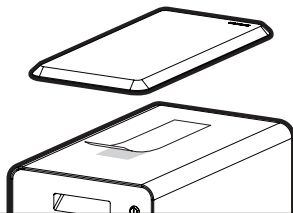

All folders will hang lengthwise (from front-to-back). If you use legal size folders, you do not need to insert the Hanging folder bar. If you use letter size folders, insert the Hanging folder bar in the slots toward the back of the lower drawer.

Step 4

To lock the drawers, simply insert the Key and rotate it 180° counterclockwise. To unlock, turn the Key back 180° clockwise.

To avoid losing your Key, you can leave it in the lock; just flip the tab down so it doesn't get snagged on your clothes or personal items.

Step 5

Remove the liner from one side of the Adhesive strip and put it on the top of the pedestal. Remove the remaining liner on the Adhesive strip, and place the Seat cushion on top. You can now sit on top of your new pedestal.

The adhesive is not permanent. You can remove the cushion and the strip, and even clean the strip, to allow you to reapply both to your pedestal.

CAUTIONS & WARNINGS

- ⚠ **CAUTION:** Read all instructions before assembly. Failure to assemble properly may result in damage or personal injury.
- ⚠ **WARNING:** While you may sit on the unit, do NOT stand on the unit. Do not stand in or lean on open drawers.
- ⚠ **WARNING:** This product's maximum weight capacity is 225 lbs. **EVENLY DISTRIBUTED.** Do not exceed the maximum weight capacity.
- ⚠ **CAUTION:** To prevent the unit from tipping over, only have one drawer open at a time.
