Package Contents

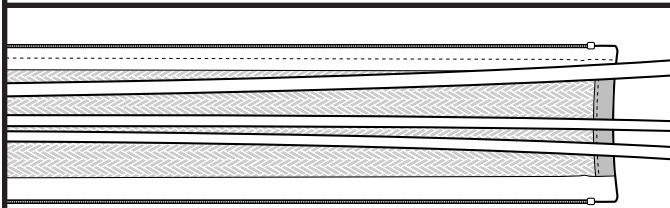

Zipped Cable Sleeve (either 30" or 60" model)

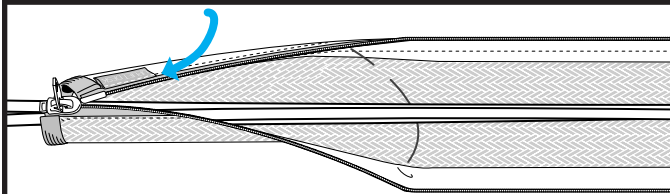

Step 1

Unzip the sleeve completely.

Step 2

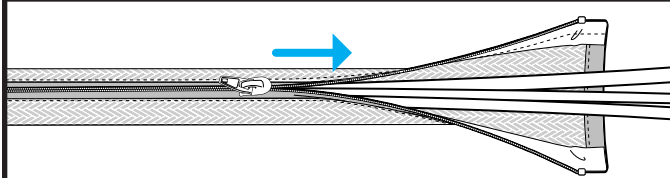

Gather your cables and align them along the exposed center.

Step 3

Wrap the sleeve around the cables and begin the zip.

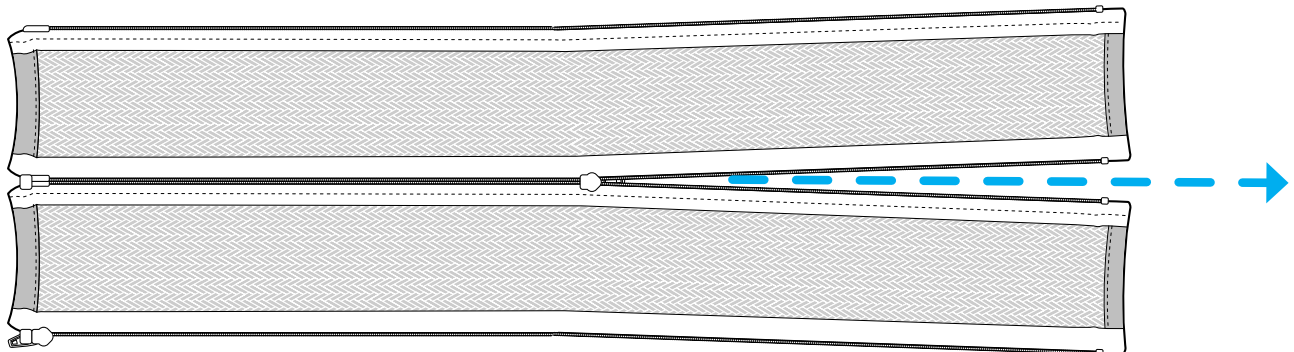

Zip it up all the way so the sleeve contains all of the cables.

Step 4

If you have a LOT of cables, and if you've purchased another sleeve of the same length, you can zip the two together to make a wider double-sleeve.

Unzip both sleeves, and zip up the end of one sleeve into the zipper of the other sleeve.
