How to get started - R2

Step one - Insert the rechargeable battery and start charging with the included micro-USB charging cable. When the battery is fully charged a green light will be displayed.

Step two - Insert the Nano USB-receiver into the USB port.

Step three - Set the mouse power switch on the bottom of the mouse to ON.

Step four - Lightly hold the pen shaft between your thumb and index finger. Adjust the pen angel to suit your personal grip.

1	Left click
2	Right click
3	Middle click
4	Backward click
5	Forward click
6	Scroll wheel
7	On-off switch

Start working! Penclic Mouse makes hours of working and surfing easy and efficient.
