4. Sign up for your new account and click “Create User”. Be sure to register then click on the confirmation email you will receive after registering. You are automatically signed up for the free trial. We will then activate your registration for the full 2 year membership that is included with your Ergokit purchase.
5. If you don't receive your full membership activation please email support@thehumansolution.com and we'll ensure you are activated for the full Pocket Ergo membership. Your full membership gives you access to all assessment tools. After two years, you can extend your access for \$89 for a two year renewal.
