SOPHISTICATED SIMPLICITY

Amia® is a hardworking task chair designed to handle long hours of serious sitting. With fully upholstered back and arms, Amia brings an element of sophistication to any workspace.

AMIA'S LITTLE SECRET

That nice flex you feel when you lean against the Amia chair's backrest is the LiveLumbar™ technology inside. Different than a typical lumbar “cushion”, LiveLumbar is a system of flexors that move with your back for consistent, dynamic support. Two handles on the chair's backrest let you slide the LiveLumbar to the ideal position for you.

LiveLumbar height
slides up or down for custom support that flexes with your back.

LiveLumbar technology
contours to fit your spine for continuous lower back support as you move in your chair, through a system of flexors tucked neatly away inside its backrest.

You may not see it, but you'll certainly feel it. As you sit in the chair, an adjustable LiveLumbar zone flexes with your every move, for consistent ergonomic support for your lower back. Hour after hour, day after day.

Height, depth, width and pivot arms telescope in and out, move forward and back, pivot, and adjust up and down, so you can find a natural position that comfortably supports the wrists, forearms, shoulders and neck.

Back lock locks the backrest in an upright position and unlocks allowing for full-range motion.

Seat height raises and lowers the chair.

Back tension knob adjusts tension to your preference to help maintain your back's natural curve.

Flexible seat edge flexes to relieve pressure on the back of the legs when you recline or lean forward.

Adjustable seat depth
accommodates different body shapes for long-term comfort.

With additional comfort features like four-way adjustable arms, adjustable seat depth and a flexible front seat edge, Amia keeps you feeling good 24/7. It's a chair for every day, that's not your everyday chair.

THE AMIA STORY

The Amia chair was designed by the Steelcase Design Studio, in collaboration with industrial designer, Thomas Overthun of IDEO. From the start, the team wanted a simple and friendly image for the Amia chair.

“Innovations such as the LiveLumbar mechanism have been incorporated into the overall shape rather than made explicit on the chair’s outside. Technology quietly serving, rather than drawing attention to itself, seemed appealing in the context of today’s information overload. This combined with an attention to detail and materials allowed us to realize Amia’s calm and refined design.”

— THOMAS OVERTHUN

A CHAIR FOR EVERYWHERE

Whether it's the conference room, personal workstation, or home office, the versatile design of Amia fits into any work environment.

PEOPLE. PLANET. PROFIT.

Steelcase aspires to create enduring value for people, planet and global economies by fully leveraging all our assets, relationships and resources.

People

We think about the communities where we work, live and do business—which is nearly everywhere in the world. By aligning our goals for people with our planet and profit aspirations, we're building the foundation for gains that we hope will be far-reaching and enduring.

Planet

By rethinking our business systems and designing our products to avoid negative impacts on humans and the environment, we contribute to a sustainable future for the planet and its people. We commit to advance our practices through continuous learning and building partnerships with our customers, business partners and environmental thought leaders to optimize our performance and contribute to the science and practice of sustainability.

Profit

First and foremost, we aim to bring value by working together with our customers to create workplaces where their people love to work. It is also our responsibility to provide value to our shareholders so we can continue to reinvest in the business and generate new solutions to address customer business challenges.

Amia Environmental Features:

The Amia chair is Indoor Advantage™ Gold certified from Scientific Certification Systems and may help contribute toward earning LEED® credits. Amia is also BIFMA level™ 2 and Cradle to Cradle® certified for environmental performance.

Amia is up to 97% recyclable.

Visit steelcase.com/amia for a complete list of all environmental certifications and downloadable certificates.

Armcap Depth Ability to retract 2 inches		2"

Amia Options:

- stool version available
- three finish colors are available: Platinum, Merle and Black
- sewn cushion
- upholstered outer back in leather and fabric
- upholstered leather arm caps
- polished aluminum base and casters
- armless
- height adjustable arms

Durability:

The Amia chair is durable enough to handle loads up to 300 lbs. and is backed by the Steelcase Limited Lifetime Warranty.

Whether you design them, manage them or work in them, we can help you create high performance, sustainable work environments. We study how work gets done and how great spaces can help. Those insights are embedded into every product and service we offer. Our interior architecture, furniture and technology solutions help organizations build their business, reflect their brand and support their culture.

We're unique from everyone else in our industry, in that we offer products and services founded in a research methodology that focuses on the user, and how they really work.

We are committed to maintaining our leadership role in terms of sustainable responsibility, and we are equally committed to the customers and designers that we work with. Our job is to make your job easier. **Our passion is helping you Love How You Work.®**

Global Dealer Network

With a network of over 800 experienced dealers, we can help you create high performance, sustainable workspaces, anywhere in the world. Our network offers you local expertise with global reach. Whether your project is across town, across the country, or across the ocean, our dealer network will coordinate the logistics so you don't have to. It's local expertise with a global reach.

Steelcase and Dealer Services

Our extensive range of services can help you through all of the phases that a high performance environment evolves through: Measure. Explore. Plan. Provide. Manage.

- Measure**—helping you know if your workplace is keeping pace.
- Explore**—helping you link your business goals with the best workplace strategy.
- Plan**—helping you find a solution that addresses your needs.
- Provide**—helping you every step of the way, from project management to move management.
- Manage**—helping you maintain an effective space for today and tomorrow.

Warranty

Steelcase and your Steelcase Dealer are totally committed to providing you a great experience and great products. We back that up with one of the industry's best warranties and problem resolution process that ensure that any problems that arise get addressed quickly.

As part of our commitment to sustainability, this brochure was created using an on-demand printing process, enabling us to digitally print materials only when necessary.

For high resolution images of these products and more, contact your local workplace consultant or dealer representative.
