

SOTO

Tools that help
the workplace and its workers
come together.

SOTO™
STATE OF THE OFFICE

A Steelcase Company

details®

A collection of connected worktools.

Sure each SOTO worktool works SOLO. But the true beauty (literally and figuratively) lies in SOTO's symmetry. The entire collection works as a cohesive set of tools – nothing piecemeal here – designed to link work, workers, and the workplace.

Minimizes visual clutter. And oh so sustainable.

The entire* SOTO collection is designed to meet silver Cradle to Cradle specifications.

So it's as nice to the earthplace as it is to the workplace.

* The composition of the cord and driver precludes full C2C certification for the LED light.

SOTO. Based on the ways people work.

SOTO

ON FREESTANDING

The SOTO collection sure didn't come from thin air. It came from users. The design team watched people at work; how they organize and file information as well as the objects they want displayed. Then they designed a collection to support the state of the office as it exists today.

9. LED Freestanding Light (DSLEDF)
10. 3" Shelf and Rail (DSS363, DSR various widths available)
11. Utility Box, Tool Box and 3" Shelf (DSUB, DSTB, DSS363)

SOTO integrates seamlessly with freestanding furniture such as the full line of Details Height-AdjustTables.

SOTO

Proof of the time-honored truism:
the whole is greater than the sum of the parts.

The SOTO collection helps workers streamline and organize their *anticipated* work.

And it enhances action on *active* work.

SOTO

SOTO integrates seamlessly with freestanding furniture such as the full line of Details Height-AdjustTables.

1. Storage Box Set of 3 in c:scape drawer
2. SOTO 3" Shelf, Utility Box, Rail Mounted LED Light, c:scape Modesty Screen and Desk (DSS363, DSUB, DSLEDR)

SOTO. So intricately simple.

SOTO

ON c:scape™

Works exclusively and seamlessly with the architecture
of Steelcase c:scape furniture.

SOTO

Tools that flow into the
function of the furniture so it all works.

The SOTO collection helps workers streamline and organize their anticipated work.

And it enhances action on active work.

c:scape's rail architecture was designed to accommodate SOTO solutions.

c:scape's rail architecture was designed to accommodate SOTO solutions.

SOTO

Work. Make it a moving experience.™
