

The new **lightness** of sitting: **swopper AIR**

Healthy sitting in motion has never been as light as this: the patented **swopper technology** for active sitting in three dimensions now provides you with ultimate sitting comfort with the unique combination of the **3DEA high-tech cushioning** and the **AIR Climate seat cover**.

Breathable AIR Climate seat cover with net structure for an optimum seat climate in silver, lime-green and stone-grey.

Innovative 3D high-tech cushioning: pressure-relieving and heat-regulating.

Patented **swopper** technology for unrestricted 3D movement when sitting.
