

Muv your Business.

muv•man

Productivity starts where standing long hours stops.

Did you know that one employee in two often or always has to stand when working. It is a dilemma that this occurs in all professions and that millions are suffering from the related strain and pain. The health consequences range from tension, stiff muscles, bad blood circulation, metabolic disorders and damage to the spine and joints through to chronic bad posture. The consequences for companies and the economy are expensive loss of performance and working days.

That is why we developed the **muvman**. The innovative variable standing/sitting seat not only works uncompromisingly against the drawbacks of a standing workplace, but also goes one step beyond: it boosts workplace productivity. Productivity that comes from an optimised workplace configuration, physical fitness and inner motivation.

Individuality at the workplace is paramount.

One fit for all.

The **muvman** was designed for use in all areas of work. Ideal for all types of desks and working surfaces. The enormous height adjustment range of the **muvman** is unique. It provides the right sitting conditions for people of all heights and physiques. This is a special advantage, because all sorts of people can use one and the same **muvman**.

Seat surface	34 x 32 cm
Seat height	51 - 84 cm
Tilt	4° permanent tilt
Weight	6.3 kg

Moving: in every detail.

There is no room for compromises where everything is demanded.

Get a grip on it: the new muvman FACTORY.

Perfectly at home in production and assembly shops.

The challenges for equipping ergonomic workplaces in manufacturing are great. High productivity and robustness has to be harmonised with healthy working conditions and employee motivation. The new **muvman** FACTORY plays a major role here.

- Diverse application options at all working heights with an enormous height adjustment range
- Perfect standing stability and practical carrying handle
- Permanent tilt of the spring strut for optimum position to the working surface
- Multidimensional movement for greatest possible reach and active, non-fatiguing standing/sitting

Dustproof and dirtproof cover

Extremely robust imitation leather seat cover

Our success lies in movement.

If you observe children, you will see that there is hardly a moment when they keep still. Movement is in the very nature of the human being. It is the long periods of sitting and standing – in school, at work and in the car – that put the body into a straightjacket of motionlessness, which we finally pay at a very high price: our health.

Therefore, since 1997, aeris has devoted itself to revolutionising standing and sitting at the workplace. Our philosophy is as simple as it is effective: more motion! We call this active-dynamic sitting and standing. For our customers this simply means better health, more motivation and higher productivity. And success proves us right: Our products – be it the **swopper** active seat, the **muvman** variable standing/sitting seat or the new **3Dee** office chair – set new benchmarks and have catapulted aeris into the top 100 of the most innovative small and medium-sized German businesses.
